Seasonal Greeting ...

I am so confident that my products are harmless to human health and in fact beneficial to Human, Beast and Planet, that I bath in it. SERIOUSLY, I DO BATH IN MY PRODUCTS. Is there anyone out there that would back their fertilizers and microbial inoculation products by bathing in it? If it's good enough for me, it's good enough for your soils, plants and animals. Except the fish fertilizer, too many cats around that might chase after me.

Thanks for your continued support

- Liquid Sea Minerals for Plants, Animals and Humans
- Swish Fish Fertilizer
- Seaweed Fertilizer
- Sheep and Cow Drenches
- Beneficial Microbial Inoculants, Tonics and Personalized Elixirs
- Soil and Animal Probiotic Inoculants
