

ALMIGHTY COW DRENCH/TONIC/ SUPPLEMENT WITH GARLIC

IMPROVE YOUR CATTLE'S OVERALL HEALTH AND WELLBEING

- Aids digestion • Balances PH in Rumen • Improves meat quality and toxicity for consumption • Better butterfat • Less internal and external parasites • Lowers cellmatic count • Improves mastitis • Improves coat quality • Quieter animals • Improves scouring

A Combination of natural, organic, local supplements, including Apple Cider Vinegar, Sea Minerals, Kelp etc. Designed to be quickly absorbed by cattle.

Orally drench all adult cows at 100ml per head (MIN) and up to 200ml can be used if the animal is stressed or prior to calving. Calves use half the rate. It can be applied over their feed or to water troughs. Aim for at least 2ml per head per day (MIN).

Where daily use is not practical, use fortnightly, or even monthly if necessary. Best used at low dose rates regularly, rather than heavy dose rates less often.

1 Litre per 5000 Litres of water for general use is ok.

Keep in cool dark place away from sunlight.

Product may separate over time, shake and stir well before each use.
